GOAL

I am seeking a position that challenges me to creatively address online publishing dilemmas that appear when people create content. My goal is to better the web experience for all people, regardless of skill level or disability.

VALUE OFFERED

For more than a decade I have been an extremely motivated and enthusiastic website developer focused on high-profile, accessible, web-standard compliant projects.

PROFESSIONAL EXPERIENCE

Freelance Internet Developer

August 2000 - present

Used web standards to develop websites for clients including:

- www.staplesink.com (work in progress) - Technologies used: Photoshop, HTML5, CSS3, JavaScript, jQuery
